Experience

Mak {Byte}

April 2022 - present

FrontEnd Engineer

Mumbai

OptimistDevs

- **Developed** user-friendly and **intuitive front-end interfaces** using **React**, **Redux**, and **Tailwind CSS**, enhancing the learning experience for **1,000+ students** in web development courses.
- **Built** a **fully responsive web platform** ensuring seamless access across **100% of devices**, including desktops, tablets, and mobile phones, improving **cross-device user engagement** by **30%**.
- **Improved user satisfaction** by designing a **streamlined and accessible UI**, resulting in a **25% increase in session duration** and **lower bounce rates**.
- **Designed** a **scalable course platform** supporting **50+ web development courses**, tailored to meet the evolving needs of students across different skill levels.
- **Enhanced page load speed** by implementing **dynamic component loading**, achieving a **4x faster initial load time**, significantly improving **Core Web Vitals** performance.
- **Optimized data fetching** with **memoization techniques**, reducing **API calls by 40%**, and boosting **application responsiveness and performance**.
- **Tech Stack:** React.js, Redux Toolkit, Tailwind CSS, Formik, Yup, ShadCN UI, Node.js, Express.js, MongoDB.

School Management System

- **Built** a centralized, interactive **school admin dashboard** using **Next.js** and **React**, improving task efficiency for students, educators, and admins by **40%**.
- **Optimized performance** with **server-side rendering** and **Tailwind CSS**, ensuring **responsive design**.
- **Integrated Firebase** for **real-time database**, **authentication**, **secure data storage**, for **1,000+ users**.
- **Converted UI designs** into **React components**, boosting **user engagement** and satisfaction by **35%**.
- **Tech Stack:** Next.js, React, Tailwind CSS, Firebase (Auth, Firestore, Storage).

Makbyte.com

- Built a **professional, SEO-optimized** company website using **Next.js**, improving **organic traffic** and **performance** by **50%**.
- Implemented **server-side rendering** and **dynamic routing** for **fast page loads** and **real-time updates**.
- Developed a **fully responsive UI** with **Tailwind CSS**, ensuring seamless on all **devices**.
- Added **interactive components**, increasing **user engagement** and **average time on site** by **30%**.
- **Tech Stack:** Next.js, Tailwind CSS, React Icons, ShadCN UI.

Luxury Trading

- Developed a **high-end e-commerce platform** for **luxury trading**, focusing on **premium UX** and **sleek design**.
- Built with **Next.js** for **fast performance**, **server-side rendering**, and **SEO optimization**.
- Designed a **fully responsive UI** with **Tailwind CSS**, ensuring smooth functionality across **all devices**.
- Created **visually rich product galleries** with **intuitive navigation** to showcase luxury offerings.
- Implemented **lazy loading**, **static site generation**, **advanced filtering**, and **wishlist features** for enhanced **speed** and **user convenience**.
- **Tech Stack:** Next.js, Tailwind CSS, Tailwind UI.

Education

BSc in Statistics (Mumbai University)

2022
